

Crafted Connection

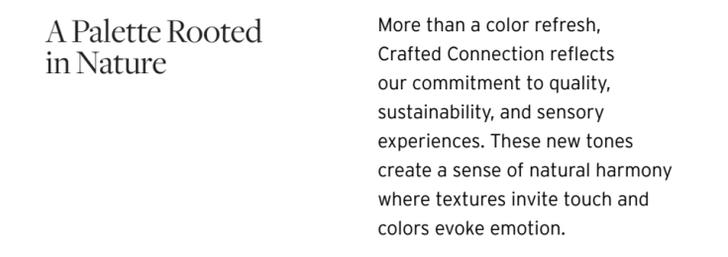

Inspired by the windswept Tottori Sand Dunes of Japan, this collection features a timeless leather-like grain, matte finish, and a tactile experience that is both ultra-soft and highly durable. Easy to maintain, and engineered for longevity, Tottori is designed to bring enduring beauty to any project, including high-traffic settings.

Elevate Your Aesthetic with Japandi Harmony

Ultrafabrics expands Tottori to a total of 29 colors. The addition of 10 new hues embody the natural serenity of Japandi design – a fusion of Japanese and Scandinavian aesthetics that emphasize simplicity, functionality,

and a deep connection to nature. By blending the hygge of modern Scandinavian design with the minimalism and wabi-sabi philosophy of Japanese interiors, these new colors evoke a sense of harmony, balance, and tranquility.

A Palette Rooted in Nature

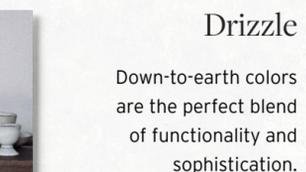

More than a color refresh, Crafted Connection reflects our commitment to quality, sustainability, and sensory experiences. These new tones create a sense of natural harmony where textures invite touch and colors evoke emotion.

Tottori continues to honor the tactile artistry of nature's grains, now with a palette that resonates deeper with our need for stillness and simplicity. Minimal yet inviting, refined yet organic, these new colors seamlessly integrate into any design vision, offering a sophisticated canvas for creativity.

Wild Truffle & Natural Bark

Neutral colorations create an inviting atmosphere with a warm yet rustic vibe.

Drizzle

Down-to-earth colors are the perfect blend of functionality and sophistication.

Burnt Ochre & Coral Reef

Colors that incorporate timeless neutrals with serene pops of color.

Hazy Sky, Faded Purple & Fig Jam

Colors that strike a delicate balance between modern elegance and comfort.

Burnt Ochre, Amber Gold & Bali Bliss

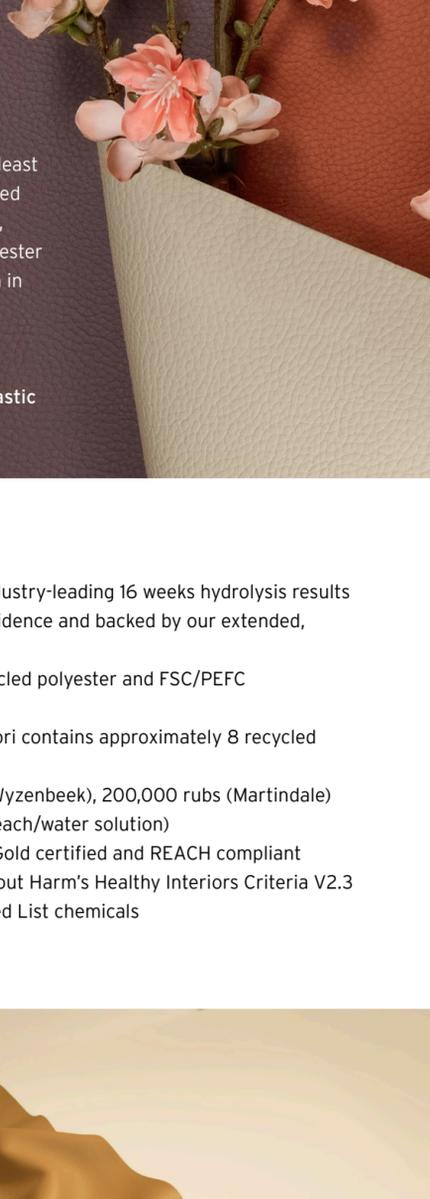

Colors that infuse life & personality into understated spaces.

Serene Simplicity, Sustainable Strength

Supporting our material innovation goal to include at least 50% environmentally preferred materials within our portfolio, Tottori includes recycled polyester and FSC/PEFC certified rayon in its backcloth.

Each yard of Tottori contains approximately 8 recycled plastic water bottles!

Features & Benefits

- 01 Superior durability – industry-leading 16 weeks hydrolysis results
- 02 Manufactured with confidence and backed by our extended, 5-year warranty*
